President's Message

The Chapter Executive Committee and the Education Committee are working hard to develop the Boston Chapter education events for the upcoming year to ensure we offer a quality education program to meet the needs of all financial government professionals.

Our education calendar includes four workshops, two seminars and will once again offer five audio conferences. These quality programs are sponsored by AGA's National Office and offer two (2) CPEs. As a member benefit, we offer these audio conferences free to members and for a nominal fee of \$20 to non-members. This is a great deal for the current and emerging topics that are being presented. However, the Boston Chapter is pioneering the AGA audio conferences by having a live speaker precede the sessions so we can offer three (3) CPEs for no cost to our members.

Mark your calendars! We have also confirmed the date of March 9, 2010 for our annual Regional Professional Development Conference (RDPC), which will be held at Bentley University, in Waltham, MA. AGA National President William "Billy" Morehead, PhD, CGFM is already confirmed as a keynote speaker and presenter. Billy is currently the chair of accountancy at Delta State University.

On a separate note, we are pleased to welcome several new officers and directors to our executive committee; Charles McCarthy, who will be serving as our Treasurer, Martin Benison, CGFM who will be serving as Director of Professional Certification and Jane Gustowski, CPA, who will be serving as Director of Community Service. I would also like to extend a special thank you to our immediate Past President, Kim Rapoza, CGFM, CPA, for her help and support in transitioning to the new committee and for her kind acts of guidance.

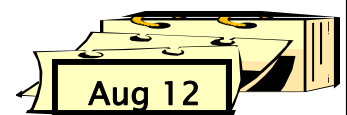

Just a reminder! On September 24, 2009 we will be kicking off the year with our Fall Seminar on Fraud at Lombardo's, Function Hall in Randolph, MA. The event will offer 7 high-quality CPEs with top-notch speakers in their fields. I look forward to seeing all of you there.

Michael K. Nelligan, CPA
Audit Manager - Powers & Sullivan

After graduating from Northeastern University with a B.S. in Accounting in 1981, Mike began his career as an auditor with Grant Thornton in Boston, Massachusetts. During his 7 years with Grant Thornton he rose to the level of Audit Manager. In 1988, Mike accepted the position of CFO with an east coast wholesale distribution firm where he was involved in all aspects of the company's operations. In 2002, Mike joined Powers & Sullivan as an Audit Manager and currently audits many cities and towns, municipal utilities, and non profit organizations. Mike is actively involved with the firm's continuing educational programs and training as well as staff recruiting.

Mike was born in Winchester and raised in Woburn. He currently resides in Rowley with his wife Janice of 29 years. Mike and Janice have 3 sons, Michael Jr., Patrick, and Matthew, all in their mid-twenty's. Mike enjoys playing golf, riding his motorcycle, skiing, and reading. He is an active member and frequent volunteer at Our Lady of Hope Church in Ipswich.

Mike's memberships include the American Institute of Certified Public Accountants, the Massachusetts Society of Certified Public Accounts, the Association of Government Accountants, and the Massachusetts Government Finance Officers Association. Mike is a licensed CPA in Massachusetts.

"As a Municipal Auditor, my AGA membership is important to me for its networking opportunities, educational programs and workshops, national representation to the GASB and other standard setting bodies, and for the constant flow of timely and pertinent technical information. The Boston Chapter is full of professionals that all seem to share a common goal revolving around enhancing our understanding of the ever changing governmental accounting and auditing requirements."

Meet A Fellow Chapter Member...

Pauline Lieu, CGFM, CPA
Office of the Comptroller

Pauline was born and raised in Hong Kong and came to United States to attend college in Boston. She is currently working as a financial analyst in the Financial Reporting and Analysis Bureau within the Office of the State Comptroller. Her department is responsible for preparing and producing the Commonwealth's annual statutory basis financial report.

Her prior experience was working at a certified public accounting firm – Wolf & Company. Later on, she assisted with the start-up of the new Asian American Bank & Trust Company located in Boston. She was hired as the Assistant Controller where she formed the Accounting Department, which involved establishing the chart of accounts and general ledger system and she was also involved in the integration of the bank's computerized accounting systems.

Pauline and her husband spend most of their leisure time with their two children playing both indoor (video games, board games) and outdoor activities (badminton and basketball are their favorites). When she has time to relax, she enjoys making her own jewelry and cross-stitching.

Pauline is also a member of the Massachusetts Society of Certified Public Accountant (CPA)'s and a member of the National Certified Fraud Examiner Association (CFE).

"When I began State Service, I was introduced to the Association of Government Accountants (AGA). There I acquired the designation of Certified Government Financial Manager (CGFM). AGA offers extensive and up-to-date training that keeps the members well informed of current accounting events and helps fulfill their certificate requirements."

I am very impressed with the enthusiastic staff members in the Boston Chapter who strive for excellence. AGA meetings are the best place to meet and network with other government professionals from federal, state, municipal and private sectors. I have been attending Association of Government Accountants (AGA) meetings since coming to the Commonwealth."

Internal Control and Fraud Conference

Join AGA at its Fourth Annual Internal Control & Fraud Conference, set for Sept. 16–17 in Washington, D.C.

With an unprecedented emphasis on transparency and accountability by the Obama administration, the public's expectation for efficiency and effectiveness from their governments has never been greater.

Do your part to boost public confidence in the integrity and professionalism of government financial managers by learning the latest information on preventing and detecting fraud, waste and abuse.

AGA's Internal Control & Fraud Conference, worth 14 CPE hours, will focus on the responsibilities of all accountability professionals in ensuing a good system of internal controls to lower the risks of wrongdoing.

Hear from leaders in government, academia and private industry discuss latest discovery techniques and lessons learned from various schemes; how poor internal controls can lead to fraud, waste and abuse; and how different levels of government are cooperating to improve services to citizens. The conference will also cover various aspects of the Recovery Act from an internal control and fraud perspective.

Cyberspace...Changing the Way You Network

AGA prides itself in its well-developed network of government financial managers. Members can tap into that network in a variety of ways, from the traditional conferences focusing on advancing your career to the ever-evolving resources on the Web. In the last few months, we've received a lot of encouragement from members to broaden our presence on the Web. This has led to our own channel on YouTube as well as an AGA group on LinkedIn. In the coming months, stayed tuned for the introduction of AGA's very own Facebook Page.

These initiatives will complement AGA's existing networking programs. AGA is offering more places for members to make connections, find information and keep pace with what's happening at AGA. For more information on how you or your chapter can get involved in social networking, contact Rodneikka Freeman.

AGA Announces Four New Courses

Four new AGA-sponsored courses are designed to help financial managers and auditors add value to government performance. The courses are presented in cooperation with The Auditor Roles in Performance Measurement Project Team of The Institute of Internal Auditors, which developed the courses under a grant from the Alfred P. Sloan Foundation. These courses can be customized to an organization's needs, to immerse participants in high-value audit skills and to provide additional ways to apply them. The four courses include:

A New Service Model: Auditor Roles in Government Performance Measurement.

Assessing the Reliability and Relevance of Performance Information.

Assessing the Quality of Performance Information and Performance Reports.

Auditing Performance Management Systems.

Read more details about these and other AGA-sponsored training courses at www.agacgfm.org, or contact AGA Director of Education Joe Jozefczyk at 800.AGA.7211, ext. 307.

Additional Governments Produce Citizen-Centric Reports

The states of Washington, Texas and Maryland, Guilford County (NC), the U.S. Agency for International Development, National Science Foundation, Idaho State Police and the City of Las Vegas are the latest governments to join a growing list of state and local governments and federal agencies who are producing four-page Citizen-Centric Reports

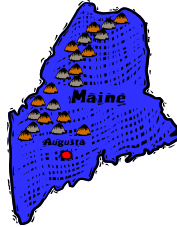

Dates Set for Fifth Annual PMC

Mark your calendar for the Fifth Annual Performance Management Conference on **Nov. 5-6, 2009** in Seattle. Do you have something to share about your entity's experience in performance management? Contact Evie Barry to see if you can participate in the program.
