President's Message

Here we are in September. The kids are going back to school, vacation season is almost over, and we look forward to changing seasons. One thing that does not change is your Chapter's commitment to deliver quality to our members and community.

As you will see in other sections of this newsletter, under the leadership of Julie Burns, we have planned another year of top quality educational events. I hope you take full advantage of these low cost and high impact opportunities to obtain CPE's and advance your professional development.

Regarding community service, Jane Gustkowski has created our plan and it is in full swing. We literally just finished an event to assist our homeless veterans. Again more details follow in the newsletter.

In addition, we have several other initiatives underway. Here are some examples. Shawn Warren, President Elect, is chairing a group to update our strategic plan. Howie Olsher and Joe Valchuis are leading several activities to increase our membership, recruit new members from the "early careers" perspective, and promote the CGFM. Charlie McCarthy is updating our financial plans and an FY11 budget, to continue to improve our financial condition.

As mentioned in the newsletter last month, one of the top policy issues of our time is to enhance government transparency and accountability. Within AGA, the Boston Chapter is taking a leadership position in this matter, and creating plans to actively encourage and promote progress thru means such as "citizen centric reporting". As these plans become crystallized, we will reach out to the members for your thoughts and participation. If you have any other thoughts, ideas or suggestions of how we can improve our chapter please contact any of the officers and directors.

Hope you enjoy your September, one of the best months of the year and go Red Sox and Patriots!

Bill Kilmartin

During this audio conference, you will learn about a proven process to prevent and resolve audit and oversight findings. AGA recently released the Cooperative Audit Resolution and Oversight Initiative (CAROI) Guide. The guide explains how to use the CAROI process to identify the underlying cause of findings and to chart a course for program improvement. This session will review the CAROI process and explain how the tools provided in AGA's guide can be used to improve program performance and accountability.

Please join us for two hours of lively discussion about this important and timely topic. In addition to the speakers' commentary, there will be approximately 20 minutes for questions & answers.

Hope to see you there and bring a friend.

For the Teachers out there!

Did you hear about the Texas teacher who was helping one of her kindergarten students put on his cowboy boots? He asked for help and she could see why.

Even with her pulling and him pushing, the little boots still didn't want to go on. By the time they got the second boot on, she had worked up a sweat.

She almost cried when the little boy said, "Teacher, they're on the wrong feet." She looked, and sure enough, they were. It wasn't any easier pulling the boots off than it was putting them on. She managed to keep her cool as together they worked to get the boots back on, this time on the right feet.

He then announced, "These aren't my boots." She bit her tongue rather than get right in his face and scream, "Why didn't you say so?", like she wanted to. Once again, she struggled to help him pull the ill-fitting boots off his little feet. No sooner had they gotten the boots off when he said, "They're my brother's boots. My Mom made me wear 'em."

Now she didn't know if she should laugh or cry. But, she mustered up what grace and courage she had left to wrestle the boots on his feet again. Helping him into his coat, she asked, "Now, where are your mittens?" He said, "I stuffed 'em in the toes of my boots."

She will be eligible for parole in three years.
